

CHAPTER 187

AN ACT concerning the financing of renewable energy and energy efficiency systems, amending P.L.1960, c.183, and supplementing R.S.40:56-1 et seq..

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

C.40:56-1.4 Clean energy special assessment, financing by municipality.

1. Upon application to and approval by the Director of Local Government Services in the Department of Community Affairs, the governing body of a municipality may undertake the financing of the purchase and installation of renewable energy systems and energy efficiency improvements by property owners as a local improvement and may provide by ordinance for a "clean energy special assessment" to be imposed on a property within the municipality, if the owner of the property requests the assessment in order to install such systems or improvements. Each improvement on an individual property shall constitute a separate local improvement and shall be assessed separately to the property owner benefitted thereby. The clean energy special assessment shall be payable in quarterly installments. The terms of the clean energy special assessment shall be in accordance with the terms of the financing provided by the municipality pursuant to section 2 of P.L.2011, c.187 (C.40:56-13.1).

C.40:56-13.1 Clean energy special assessment, financing through bonds.

2. a. Upon application to and approval by the Director of Local Government Services in the Department of Community Affairs, a municipality may adopt an ordinance to establish a program to finance the purchase and installation of renewable energy systems and energy efficiency improvements by property owners. The governing body may apply to a county improvement authority that issues bonds pursuant to paragraph (2) of subsection (j) of section 12 of P.L.1960, c.183 (C.40:37A-55), or may issue bonds to finance the program pursuant to section 3 of P.L.2011, c.187 (C.40:56-13.2). Funds for the purchase and installation of renewable energy systems and energy efficiency improvements shall be loaned to property owners in exchange for a clean energy special assessment on the property pursuant to section 1 of P.L.2011, c.187 (C.40:56-1.4), to be paid quarterly. In the case of financing provided by bonds issued by a county improvement authority, the clean energy special assessment shall be used to repay the bonds. In the case of financing provided by the municipality through the issuance of municipal bonds, the clean energy special assessment shall be used to repay the bonds. A property owner who purchases and installs a renewable energy system under the program may also assign any solar renewable energy certificates or other renewable energy credits that accrue to the property owner from the operation of the system to the municipality or the county improvement authority to repay the loan for the system. The Director of Local Government Services in the Department of Community Affairs shall coordinate efforts with the Board of Public Utilities to ensure that the amount of financing made available by local programs authorized pursuant to this act is in accordance with limits set from time to time by the Board of Public Utilities in order to ensure that local programs further the goals of the Office of Clean Energy in the Board of Public Utilities.

b. As used in this section, "solar renewable energy certificate" shall have the same meaning as set forth in section 3 of P.L.1999, c.23 (C.48:3-51).

C.40:56-13.2 Amounts of money to be expended for improvements established.

3. a. Upon application to and approval by the Director of Local Government Services in the Department of Community Affairs, the governing body of a municipality may establish

the amounts of money to be expended by the municipality for the improvements authorized in sections 1 and 2 of P.L.2011, c.187 (C.40:56-1.4 and C.40:56-13.1). Any amount so appropriated may be raised by the issuance of clean energy special assessment bonds by the municipality. In making the appropriation, the governing body may designate the particular projects to be financed to which the moneys shall be applied.

b. Clean energy special assessments and bonds issued to finance them shall be issued and shall be generally subject to R.S.40:56-21 et seq., as the director shall determine to be applicable.

c. The director is authorized and empowered to take such action as deemed necessary and consistent with the intent of this act to implement its provisions.

4. Section 12 of P.L.1960, c.183 (C.40:37A-55) is amended to read as follows:
